Dear Supervisors:

ADOPTED

BOARD OF SUPERVISORS
COUNTY OF LOS ANGELES

24 May 24, 2016

LORI GLASGOW
EXECUTIVE OFFICER

**APPROVAL TO AMEND CONTRACT NUMBER PH-002537 WITH SUPERIOR SCIENTIFIC, INC.
TO SUPPORT LABORATORY AND CLINIC EQUIPMENT AND MEDICAL DEVICE
MAINTENANCE, CALIBRATION, AND REPAIR SERVICES EFFECTIVE UPON DATE OF BOARD
APPROVAL THROUGH DECEMBER 31, 2018
(ALL SUPERVISORIAL DISTRICTS)
(3 VOTES)**

SUBJECT

Request approval to amend Contract Number PH-002537 with Superior Scientific, Inc., for Laboratory and Clinic Equipment and Medical Device Maintenance, Calibration, and Repair Services to increase the maximum obligation effective upon Board approval through December 31, 2018.

IT IS RECOMMENDED THAT THE BOARD:

1. Authorize and instruct the Interim Director of the Department of Public Health (DPH), or her designee, to execute a contract amendment, substantially similar to Exhibit I, to Contract Number PH-002537 with Superior Scientific, Inc. (Superior), to increase the annual maximum obligation by \$10,440, from \$50,885 to \$61,325, for the term effective upon Board approval through December 31, 2016, and extend the term for two additional one-year periods through December 31, 2018, at a revised annual amount of \$61,325, to expand the list of covered laboratory and clinic equipment and support emergency or unanticipated maintenance and repair services; 100 percent funded by net County cost (NCC).
2. Delegate authority to the Interim Director of DPH, or her designee, to execute amendments to the contract with Superior that provide an internal reallocation of funds between budgets up to 25 percent of each term's revised annual base maximum obligation and/or provide an increase or

decrease in funding up to 25 percent above or below each term's revised annual base maximum obligation, effective upon amendment execution or at the beginning of the applicable contract term, and make corresponding service adjustments, as necessary, subject to review and approval by County Counsel, and notification to your Board and the Chief Executive Office.

3. Delegate authority to the Interim Director of DPH, or her designee, to execute change notices to the contract that authorize modifications to or within budget categories within each budget, and corresponding service adjustments, as necessary; revisions to the list of covered equipment; changes to hours of operation and/or service locations; and/or corrections of errors in the contract's terms and conditions.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

Approval of Recommendation 1 will allow DPH to execute an amendment to Contract Number PH-002537 with Superior to increase the annual maximum obligation by \$10,440, from \$50,885 to \$61,325, effective upon Board approval through December 31, 2016, and extend the term for the periods of January 1, 2017 through December 31, 2017 and January 1, 2018 through December 31, 2018, at an annual amount of \$61,325, to expand the list of covered laboratory and clinic equipment and support emergency or unanticipated equipment maintenance and repair services for the DPH Public Health Laboratory and Community Health Services public health centers. These services will ensure that the quality of patient care and safety for patients, staff, and the public are not compromised. DPH currently has delegated authority to increase funding for this contract, however the recommended increase exceeds that authority.

Approval of Recommendation 2 will allow DPH to execute amendments to the Superior contract to internally reallocate funds between budgets up to 25 percent of the revised annual base maximum obligation and/or increase or decrease funding up to 25 percent above or below the revised annual base maximum obligation, effective upon amendment execution or at the beginning of the applicable term, and make corresponding service adjustments, as necessary. This will enable DPH to amend the contract to allow for the provision of additional units of funded services that are above the service level identified in the current contract and/or the inclusion of unreimbursed eligible costs. While the County is under no obligation to pay a contractor beyond what is identified in the original executed contract, the County may determine that the Contractor has provided evidence of eligible costs for qualifying contracted services and that it is in the County's best interest to increase the maximum contract obligation.

Approval of Recommendation 3 will allow DPH to execute change notices to the contract that authorize modifications to or within budget categories within each budget, and corresponding service adjustments, as necessary; revisions to the list of covered equipment; changes to hours of operation and/or service locations; and/or corrections of errors in the contract's terms and conditions.

Implementation of Strategic Plan Goals

The recommended actions support Goal 3, Integrated Services Delivery, of the County's Strategic Plan.

FISCAL IMPACT/FINANCING

The total cost for the recommended amendment for the period effective upon Board approval through December 31, 2018 is \$133,090; 100 percent offset by NCC.

Funding has been included in DPH's fiscal year (FY) 2015-16 Adopted Budget and will be included in future FYs, as necessary.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

As required under Board Policy 5.120, your Board was notified on April 20, 2016 of DPH's request to increase or decrease funding up to 25 percent above or below the revised annual base maximum obligation. A 10 percent delegated authority will not allow sufficient flexibility to add additional equipment requiring servicing and to rapidly ensure that equipment is maintained in accordance with the manufacturer's performance standards and in compliance with all accrediting and reviewing agency requirements.

County Counsel has approved Exhibit I as to use.

CONTRACTING PROCESS

On October 29, 2013, your Board authorized the execution of a Laboratory and Clinic Equipment and Medical Device Maintenance, Calibration, and Repair Services contract with Superior, selected under a competitive solicitation process, effective January 1, 2014 through December 31, 2016, at a maximum obligation of \$143,565, with an option to extend thereafter for two additional one-year terms and six month-to-month extensions through June 30, 2019.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

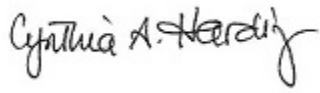

Approval of the recommended actions will ensure that critical laboratory and clinic equipment is maintained and repaired appropriately for the provision of uninterrupted quality patient care and for the safety of patients and staff.
